

# **Statement regarding Opinion no. 2014-12 of the French Digital Council on platform neutrality Platform Neutrality: Building an open and sustainable digital environment of May 2014**

*The Just Net Coalition<sup>1</sup> (JNC) was formed at a civil society meeting in New Delhi in February 2014. It comprises several dozen organisations and individuals from different regions globally concerned with internet governance, human rights and social justice, and the relationship between them.*

In May, the French Digital Council on platform neutrality published a report on Platform Neutrality: Building an open and sustainable digital environment<sup>2</sup>.

The Just Net Coalition (JNC) commends this report notes that it is entirely consistent with major elements of our Delhi Declaration<sup>3</sup>, in particular the preamble and paragraphs 8 to 12.

JNC notes that the recommendations of the report would also apply to economies outside Europe. Consequently, JNC endorses the gist of this report and invites all concerned parties to study it carefully and adopt its recommendations as appropriate.
